Come enjoy Farmington's Historic Downtown Corridor to celebrate our rich agricultural history, enjoy music and art as well as the Chamber of Commerce's Chile Cookoff on Saturday! Did you know that prior to the Oil & Gas Boom in San Juan County, the local economy was based on fruits, especially apples? The shipping of fruit was so central to the county's economy that the local train service was dubbed the Red Apple Express! The weekend is full of activities the whole family can enjoy – explore the crafts, makers, artisans, and jewelry at the Maker's Market. Stroll along Main Street and enjoy the fall Art Walk and the kids activities set up in Orchard Park.
